

**Bodum**

**11581B**

BODUM® canteen collection is old-fashioned from crisp white porcelain striped with colorful silicone grips that work well while you look good. Hands stay comfortable on the non-slip grips and it wraps under the bottom of the cup, eliminating the need for coasters. A go-to piece for everything from café latte to iced tea, the Canteen has a tapered body, footless base, and a smooth lip. Vibrant colors and narrow rib add color to the table and look great both as a collection of one color or mixed and matched together. The cups are dishwasher safe.
